

Timothy P. Copeland

tim@tcope.land

EDUCATION

- Ph.D. Health Policy & Management. University of California, Los Angeles. September 2021
Specialization: Health outcomes research
Dissertation: Examining opportunities to reduce costs and improve outcomes of vascular access during early hemodialysis dependence
- M.P.P. Public Policy. University of Southern California. May 2015
- B.A. Media Studies & Disability Studies. University of California, Berkeley. May 2013

RESEARCH EXPERIENCE

Statistician, Division of Nephrology, University of California, San Francisco

January 2020 to present

- Manage Multi-disciplinary Advancement of Transplant-Centered Health (MATCH) database and projects using real-world data, including electronic health records, national patient registries, and Medicare claims.
- Present project findings to collaborators and the MATCH executive committee.
- Develop statistical analysis plans and advise on proposal development and study design.
- Data quality assessment, data management, and analyses of NIH-funded CKD, ESKD, and kidney transplant projects.
- Conduct USRDS and Medicare claims studies on ESKD, kidney transplant, and hemodialysis outcomes.
- Contribute to manuscripts' methodology, results, tables, and figures.

Research Consultant

February 2015 to present

- Provided methodological and statistical support for various therapeutic areas, including fertility, obstetrics and gynecology, oncology, children's dental outcomes, surgery, infectious diseases, dermatology, and COVID-19.

Graduate Student Researcher for Jack Needleman, PhD, Department of Health Policy & Management, University of California, Los Angeles

April 2018 to March 2019

- Performed statistical analysis on BRCA testing trends (2008-2017) and health services utilization using national claims dataset from the Health Care Cost Institute.
- Generated tables and figures for three papers on BRCA testing rates, utilization, and comparison with other methods.

Staff Research Associate, Department of Radiology & Biomedical Imaging, University of California, San Francisco

September 2015 to September 2017

- Managed data and analysis of imaging utilization and findings in cancer patients at UCSF.
- Analyzed commercial claims to assess oncologic imaging and breast cancer treatment trends and variations.

SOFTWARE

Stata, R, SAS, SQL (via PROC SQL), Tableau, REDCap, NVivo, Excel

STATA PACKAGES [AVAILABLE AT TCOPE.LAND/STATA]

check: Review variable missingness, uniqueness, format, and descriptive statistics

datefix: Convert string date with any ordering of month, day, and year to numeric date

massdesas: Convert all SAS files (.sas7bdat) in a folder to Stata format (.dta)

pkgtransfer: Creates a .do file with installation commands for all installed 3rd party packages

regtab: Format and export results captured via Stata 17's -collect- command

DATA EXPERIENCE

Chronic Kidney Disease, Kidney Failure, Dialysis, and Kidney Transplant

United States Renal Data System (USRDS), Donor Network West-United Network for Organ Sharing (UNOS) files, Organ Procurement and Transplantation Network (OPTN) Standard Transplant Analysis and Research (STAR) files

Healthcare Cost & Utilization Project (HCUP) Inpatient Admissions

National Inpatient Sample, Kids Inpatient Database, Nationwide Readmissions Database

National Institutes of Health

National Health Interview Survey, National Health and Nutrition Examination Survey, Surveillance, Epidemiology, and End Results, National Death Index

National Medical Claims (United States)

Optum Clinformatics Data Mart, IBM MarketScan, Health Care Cost Institute, Medicare

Randomized Clinical Trials

[ACCORD](#),* [AASK](#),* [HALT-PKD \(A\)](#),* [HALT-PKD \(B\)](#),* [MDRD](#),* [PERFORMANCE](#),†
[SPRINT](#),* [WUBI-Q](#)†

United Kingdom

Human Fertilization and Embryology Authority files, King's Fertility Institutional Data, Guy's and St Thomas' Assisted Conception Unit Institutional Data

University of California, San Francisco

Electronic health records (demographics, laboratory and vital measurements, conditions, procedures, pharmaceuticals, pathology reports, imaging reports), institutional transplant registry, institutional cancer registry, institutional palliative care records

TEACHING EXPERIENCE

University of California, Los Angeles - Teaching Assistant

Health Disparities - Spring 2019, Undergraduate

Health Services Research Design, A - Fall 2019, Graduate

Health Services Research Design, B - Winter 2019, Graduate

Future of Humanity: Bioethics of Health and Disability - Spring 2018, Undergraduate

* Secondary Analysis of Randomized Clinical Trial Data

† Primary Analysis of Randomized Clinical Trial Data

University of Southern California - Teaching and Lab Assistant

Methods for Policy Analysis - Spring 2015, Graduate

Statistical Foundations for Public Management and Policy - Summer 2014, Graduate

Foundations of Public Policy Analysis - Fall 2014, Graduate

Master of Public Policy Stata Lab - Fall 2014, Graduate

Professional Fundamentals Lab - Fall 2014, Graduate

Statistics for Policy, Planning, and Development - Spring 2014 & Fall 2014, Undergraduate

FELLOWSHIPS & AWARDS

Southern California Vascular Surgical Society 39 th Annual Meeting: Robert J. Hye Best Trainee Award, 2 nd place	2021
UCLA Graduate Research Mentorship Award	2019 to 2020
Burroughs Wellcome Fund Trainee Travel Award	2019
UCLA Clinical & Translational Science Institute Pre-Doctoral Fellowship [NIH NCATS: TL1TR001883]	2017 to 2021
Eugene V. Cota-Robles Fellowship, University of California	2017 to 2021
Hispanic Scholarship Fund Scholar	2017 to 2018
Dean's Merit Scholarship, USC Price School of Public Policy	2013 to 2015
